FROM EDUCATIONAL ENHANCEMENT TRUST FUND .	34,000,000
---	------------

From the funds in Specific Appropriation 3B, \$31,000,000 is provided to create the Voluntary Innovator Program (VIP). The purpose of the VIP is to encourage the implementation of the BEST teacher compensation program in early innovator schools by January 1 of the 2003-2004 school year. Each district is authorized to implement that portion of the BEST program set forth herein for those schools within the district that received a D or F grade for performance during the 2002-2003 school year. If a district has no school that received a D or F grade during 2002-2003, then the district may choose two of its lowest performing schools for the VIP program.

That portion of the BEST program that may be implemented pursuant to VIP shall be a program for those "Professional Teachers" employed during the 2003-2004 school year in the above described schools who are entitled to performance compensation pursuant to Sections 1012.22(1)(c) and 1012.34(3), Florida Statutes, in accordance with a plan developed by each district for compensation in conjunction with its performance pay plan and reviewed by the State Board of Education. The \$31,000,000 appropriated for the VIP program shall be distributed pro rata to each district based upon the total number of potentially qualifying teachers in such district, to be then distributed at the end of the 2003-2004 school year to those qualifying Professional Teachers who meet the performance standards of Section 1012.34(3), Florida Statutes, in an amount and as determined by each district and approved by the State Board of Education, except that the distribution to any one teacher shall not exceed \$5,000. Those Professional Teachers who receive performance compensation awards in 2003-2004 shall be considered for promotion to Lead Teacher in 2004-2005.

In order to further encourage the development of BEST teachers, there is also hereby created the Voluntary Innovator Principal Program (VIP-II) for early innovator districts that desire to compensate principals based on student performance improvement, school grade improvement, and teacher recruitment and retention during the 2003-2004 school year. From the funds in Specific Appropriation 3B, \$3,000,000 is provided for this program. Each district is authorized to implement a recognition program for those principals of schools that received a D or F rating for 2002-2003 within the district who achieve an increase in the rating of such school by one or more levels. If there are no D or F schools within a district, then the district may choose two of its lowest performing schools for participation in VIP-II. The \$3,000,000 appropriated for the VIP-II plan shall be distributed pro rata to each

district based upon the number of potentially qualifying principals in such district, to then be distributed by the district, in an amount and as determined by the district, to qualifying principals, except that the distribution to any one principal shall not exceed \$10,000. The ESE Guaranteed Allocation funds are provided in addition to the funds for each exceptional student in the per FTE student calculation. Each district's ESE Guaranteed Allocation shall be the amount shown in the legislative work papers for the Fiscal Year 2003-2004 appropriation for the FEFP and shall not be recalculated during the school year. School districts that are providing educational services in 2002-2003 for exceptional students who are residents of other districts shall not discontinue providing such services without the prior approval of the Department of Education. Expenditure requirements for the ESE Guaranteed Allocation shall be as prescribed in section 1010.20(3), Florida Statutes, for programs for exceptional students.

From the funds in Specific Appropriation 59, the value of 43.35 weighted FTE students is provided to supplement the funding for severely handicapped students served in ESE programs 254 and 255 when a school district has less than 10,000 FTE student enrollment and less than 3 FTE eligible students per program. The Commissioner of Education shall allocate the value of the supplemental FTE based on documented evidence of the difference in the cost of the service and the amount of funds received in the district's FEFP allocations for the students being served. The supplemental value shall not exceed 3 FTE.

A student in cooperative education or other types of programs incorporating on-the-job training shall not be counted for more than twenty-five (25) hours per week of membership in all programs when calculating full-time student membership, as provided in section 1011.61(1), Florida Statutes, for funding pursuant to section 1011.62, Florida Statutes.

None of the funds provided in the 2003-2004 General Appropriations Act for developmental research schools shall be used to pay overhead or indirect costs described in section 216.346, Florida Statutes.

Each district shall determine, based on a review of its existing programs and priorities, how much of its total allocation to use for each authorized Safe Schools activity.

From the funds provided in Specific Appropriation 59, \$653,922,659 is for Supplemental Academic Instruction to be provided throughout the school year pursuant to section 1011.62(1)(f), Florida Statutes. Each district's Supplemental Academic Instruction allocation shall be the amount shown in the legislative work papers for the 2003-2004 fiscal year appropriation for the FEFP and shall not be recalculated during the school year.

To be eligible for Supplemental Academic Instruction funds, a school district must have provided summer intensive reading programs for students who scored below Level II on the third grade FCAT in the March 2003 administration. In the 2003-2004 fiscal year, school districts must use Supplemental Academic Instruction funds to provide intensive summer and supplemental reading activities for all students scoring below Level II on the third grade FCAT. School districts must also provide supplemental and summer intensive remediation activities to all tenth, eleventh and twelfth grade students who have not made a passing score in reading or mathematics on the tenth grade FCAT test or an alternative provided for in statute.

Districts may charge a fee for grades K-12 voluntary non-credit summer school enrollment in basic program courses. The amount of any student's fee shall be based on the student's ability to pay and the student's

The minimum district academic performance standard is defined as the district weighted performance grade calculated pursuant to section 1008.34(8), Florida Statutes, that is equal to or greater than the performance grade of 2.68 for elementary schools, 2.84 for middle schools, and 2.00 for high schools.

Each school district that fails to meet the minimum district academic performance standards indicated above must increase expenditures for classroom instruction over the percentage expended by one percent for each academic performance standard not met.

The enrollment policy adopted by the Legislature does not limit the number of students admitted from out-of-state under the profile admissions policy; however, no state university may receive the general revenue funding associated with the enrollment of out-of-state students admitted under this policy. For the purposes of implementing this policy, the Commissioner of Education shall segregate these FTEs and not count them toward the 2003-2004 enrollment plan for the State University System.

The tuition fee per credit hour is hereby established for the 2003-2004 fiscal year as follows:

	2003 Summer Term	2003-2004 Fall/Spring Terms
Lower Level Coursework	\$ 55.67	\$ 58.45
Upper Level Coursework	\$ 55.67	\$ 58.45

Each university board of trustees is authorized to increase the tuition fees established herein by up to 12.5 percent for any level of instruction.

Matriculation fees per credit hour for (a) out of state students, (b) graduate students (in state and out of state), and (c) professional students (in state and out of state) may be set by each university board of trustees in its discretion.

Each university board of trustees is authorized to waive tuition and matriculation fees for purposes which support and enhance the mission of the university. All fee waivers must be based on policies which are adopted by university boards of trustees. Each university shall report the purpose, number and value of all fee waivers granted annually in a format which shall be prescribed and reviewed by the State Board of Education.

Funds provided in Specific Appropriation 123 for water for the University of Florida include no more than that amount which the State Board of Education and the City of Gainesville agree represents the cost of service for water provided by the city to the University of Florida. The amount charged shall reflect a cost-based rate only and shall be determined through a cost of service study completed annually by the city and reviewed by the university. The costs of any general fund transfer to the City of Gainesville from Gainesville Regional Utilities or any profit to the city or utility shall be specifically excluded as costs allocable to the university. The cost-based rate shall include charges for only those water services actually provided by the city to the university and shall not include charges for services furnished by the university.

Funds in Specific Appropriation 123 for the Washington Internship Program may be disbursed in advance to the contractor on a quarterly basis.

From the funds in Specific Appropriation 123 for the Black Male Explorers Program, FAMU may advance funds to Bethune Cookman College, Florida Memorial College and Edward Waters College on a semi-annual basis.

annual remuneration. Only compensation, as defined in section 121.02(22), Florida Statutes, provided to a state university president may be used in calculating benefits under Chapter 121, Florida Statutes, except that this does not prohibit any party from providing cash or cash-equivalent compensation from funds that are not public funds to a state university president in excess of the \$225,000 limit. If a party is unable or unwilling to fulfill an obligation to provide cash or cash-equivalent compensation to a state university president as permitted herein, public funds may not be used to fulfill such obligation.

It is the intent of the Legislature that the comprehensive eligibility determination function be outsourced and for the department to carry out these activities through contracted providers. The Department of Children and Families is directed to work with the appropriate federal agencies to obtain any required federal approvals or waivers of current federal regulations which may presently restrict the state from fully outsourcing these functions. The department shall provide the Executive Office of the Governor and the House and Senate appropriations committees with monthly status update reports describing its efforts to obtain these necessary approvals, further actions to be taken, and an estimated timeline by which implementation of eligibility determination outsourcing can be accomplished.

The department is directed to develop a plan to achieve the assumed efficiencies contained in Specific Appropriations 359 and 360 in carrying out the eligibility determination activity. The plan shall contain proposals to: (1) outsource the comprehensive eligibility determination functions currently handled by the department during Fiscal Year 2003-2004; or, (2) develop an alternative service delivery model to utilize in Fiscal Year 2003-2004 which reduces costs; or, (3) achieve a combination of the previous two approaches. This plan is to be developed and submitted to the Executive Office of the Governor and the House and Senate appropriations committees by September 1, 2003, for approval by the Legislative Budget Commission, with an implementation

SECTION 3 - HUMAN SERVICES

date no later than January 1, 2004.

In achieving efficiencies in Fiscal Year 2003-2004, a minimum of 735 full-time equivalent positions are to be eliminated from the Comprehensive Eligibility Services budget entity effective no later than January 1, 2004, and moved by budget amendment to Executive Office of the Governor reserve prior to that time. Should the plan submitted by the department and approved by the Legislative Budget Commission contain a proposal to outsource some or all of the eligibility determination functions in Fiscal Year 2003-2004, the department shall submit a budget amendment pursuant to Chapter 216, Florida Statutes, to realign the budget into the appropriate contracted services category and eliminate additional full-time equivalent positions as contained in the approved plan. The department shall include an issue in its Fiscal Year 2004-2005 Legislative Budget Request to permanently eliminate positions reduced through this outsourcing and efficiency initiative.

From the funds in Specific Appropriations 1045 through 1117, each provider who contracts with the Department of Juvenile Justice must provide the department with a proposal, prior to the release of funds, which details the services that will be delivered, the expected results, and the recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents must include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose

Funds in Specific Appropriations 1438A through 1438N and 1439E through 1439J from the Grants and Donations Trust Fund are provided to meet the state portion of the match requirements for federally declared disasters. Prior to the release of funds, the department shall ensure that the affected local government has provided a 12.5 percent local match. Because the location, type of disaster and severity of the event can materially affect the magnitude of costs, a local government's share of Public Assistance projects may be initially provided by the state with future payment being provided by the appropriate local government or deducted from the local government's state revenue sharing allocation. Additionally, the Executive Office of the Governor may approve a waiver of the 12.5 percent local match for Public Assistance projects, subject to legislative notice and review under section 216.177, Florida Statutes, if it is determined that such a match cannot be provided or that doing so would effect a documented hardship on the local entity provided the local government applies for the waiver within the first 18 months after the disaster is declared.

The state match requirement provided in Specific Appropriations 1438A through 1438N and 1439E through 1439J from the Grants and Donations Trust Fund shall only be available for five years from the date of the original Governor's emergency declaration or notice of supplemental federal funds. The local governments shall provide any subsequent match required to complete projects in these appropriations at the end of the five-year period. The Executive Office of the Governor may approve a waiver of the five-year match limitation for certain projects, subject to legislative notice and review under section 216.177, Florida Statutes, if it is determined that the project must be extended to meet state environmental and permitting requirements, agency reviews pursuant to the National Environmental Policy Act and applicable state environmental laws, or other unique situations demonstrated by the local government.

Funds in Specific Appropriations 1438A through 1438N and 1439E through 1439J from the Grants and Donations Trust Fund are provided to meet the state portion of match requirements for federally declared disasters. \$3,430,757 of these funds reflect a transfer from the Hurricane

SECTION 5 - NATURAL RESOURCES/ENVIRONMENT/GROWTH MANAGEMENT/TRANSPORTATION

Catastrophe Fund for the purposes of the state match requirement on Hazard Mitigation projects from federally declared disasters, and \$9,676,101 reflect a transfer of funds from the Emergency Management Preparedness and Assistance Trust Fund.

For funds provided from the Grants and Donations Trust Fund in Specific Appropriations 1438A through 1438N and 1439E through 1439J, the department shall utilize the existing cash in the Grants and Donations Trust Fund that was specifically appropriated for previous disasters until additional cash resources are needed to pay obligations of the fund.

Funds in Specific Appropriations 2286AT and 2286AU are provided for the Florida Accounting Information Resource system (FLAIR) and Cash Management System (CMS) replacement project. Prior to release of these funds, the Department of Financial Services shall prepare a detailed operational work plan describing the project procurement strategy, business objectives and expected outcomes to be attained, and specifying planned project milestones, deliverables, and expenditures for Fiscal Year 2003-04. The operational work plan shall be submitted and updated quarterly for review and approval by the Executive Office of the Governor in consultation with the House and Senate appropriations committees in the Legislature. Upon approval of the work plan, the department is authorized to request the Executive Office of the Governor to release these funds on a quarterly basis based upon project needs and pursuant to the provisions in Chapter 216, Florida Statutes. Funds released for this project may not exceed the amounts needed for Fiscal Year 2003-2004 pursuant to the approved operational work plan.

The Department of Financial Services must submit to the chairs of the House and Senate appropriations committees and to the Executive Office of the Governor a monthly FLAIR & CMS replacement project status report describing actual progress made to date, actual completion dates, actual costs incurred, current issues requiring resolution, and planned project milestones, deliverables, and expenditures for the next reporting period. Operational work plans and status reports submitted by the department for the FLAIR and CMS replacement project shall comply with the standards for these documents published by the Technology Review Workgroup and the State Technology Office.

Of the funds provided in Specific Appropriation 2286AT for the FLAIR and CMS replacement project, which is designated for special monitoring as a critical information resource management project under section 282.322, Florida Statutes, \$500,000 from the Insurance Commissioner's Regulatory Trust Fund is provided for the special monitoring contract. These funds shall be transferred to the legislative Technology Review Workgroup by the Executive Office of the Governor pursuant to the provisions in Chapter 216, Florida Statutes.

PROGRAM: RETIREMENT BENEFITS ADMINISTRATION

Funds in Specific Appropriations 2649 through 2658A from the Optional Retirement Program Trust Fund are based on an assessment of .01 percent of the participants' salaries and shall be used only for administration of the Optional Retirement Program.

By November 1, 2003, the Office of Program Policy Analysis and Government Accountability (OPPAGA) shall conduct an evaluation as to whether the employee-retiree outreach/call center and member seminar

SECTION 6 - GENERAL GOVERNMENT

functions currently operated by the Division of Retirement can be more effectively/efficiently operated by the private sector. In the conduct of this review, the OPPAGA shall be mindful of the level of the service currently offered to Florida Retirement System (FRS) members and retirees. Under no circumstances should this review result in the diminution of the service level or quality but rather, options should be explored to see whether a more cost-effective solution is available and whether continuity in the delivery of member services could be enhanced if this function were outsourced. Should the report demonstrate that cost savings are possible without reducing service levels to FRS members or retirees, the Department of Management Services, with the approval of the Legislative Budget Commission, may issue a Request for Proposals (RFP) for the purpose of securing an alternate provider. If legislation becomes law merging OPPAGA into the Office of Auditor General, the Auditor General shall conduct the evaluation.
